**DON'T BE AFRAID TO CALL
FOR HELP FOR YOU
OR YOUR FRIENDS!**

YOU WILL BE PROTECTED!

NYS 911 Good Samaritan Law

Protects you from arrest even if you shared the drugs or possess a kit or works. *(These protections do not extend to outstanding warrants, drug sales or other non-drug crimes.)*

Your local Town Police Department and the Monroe County Sheriff can assist individuals on their path to recovery by directing them to the appropriate service provider.

Recommendations:

We encourage you to ask your medical or dental provider the following questions if a narcotic pain medication is discussed:

- Are there risks associated with taking narcotic pain medications?
- How long can I safely take this narcotic pain medication?
- How would I know if I have become addicted to a narcotic pain medication?
- Are there other options or safer alternative therapies to better respond to pain?

Opioid Overdose Training:

Using Narcan to reverse an overdose

Additionally, naloxone is available at all major pharmacies in Monroe County through a standing prescription. It is covered by most insurance plans. A separate prescription from your health care provider is not needed. With a naloxone kit and the proper training, together we can work to prevent overdoses in our community!
