

E-Prescribing Waiver Application

Question: How can I apply for an Electronic Prescribing waiver?

Answer: With March 27, 2016 as the date that all prescriptions must be electronically submitted, the NYS Bureau of Narcotic Enforcement (BNE) has notified the Medical Society of the State of New York of the availability of the Electronic Prescribing Waivers (EPW) application on the Health Commerce System (HCS).

A prescriber must have an HCS account in order to file an EPW. Using the HCS account is the quickest way to file an EPW application. This application allows an institution, medical group practice or an individual practitioner to submit a request for a waiver from the requirement to electronically prescribe. If a physician does not have an HCS account, a paper version is available upon request. The prescriber should contact BNE at 1-866-811-7957, option 1. The paper form is available for applications for institutions, group practices and individual practices and will be sent to requestors.

If prescribers experience difficulties with their HCS account, call 1-866-592-1890.

If a prescriber experiences any issues with the on-line EPW, call 1-866-811-7957.
