200 Canal View Boulevard  
Suite 202  
Rochester, NY 14623

6 per person

Practice Management Institute grants CEUs for its certified professionals based on total number of instructional hours (1 CEU per hour of classroom instruction). CEUs may be applied to annual renewal requirements as noted on [pmiMD.com](http://pmiMD.com).

E/M chart audit proficiency reduces practice risk, and a proactive stance is your best defense in an audit.

This interactive workshop explains the audit process, levels and key elements of the history, exam, medical decision making for inpatient and outpatient evaluation and management codes.

**Create a systematic approach to cross-checking records so you can code E/M encounters with confidence.**

Expand your knowledge of evaluation and management coding audits to improve accuracy of claim submissions and reduce over/under coding, and risk of a government or third-party audit. Receive expert guidance on key components and potential problem areas to help ensure that your coding practices are compliant with the government and private payer regulations.

Self-supplied, current CPT®, ICD-10-CM, and HCPCS manuals should be referenced during this course. Coders, auditors, providers, clinical and practice staff involved in medical coding, will benefit from this training. Managers, compliance officers, and also encouraged to attend.

**6 CEU | 9:00 am - 4:00 pm EST | Tues, Aug 9, 2022**  
**6-hour session will include Q&A and breaks**
